Item 4 **Advisory Business**

A. Sanford Advisory Services, LLC (the “Registrant”) is a limited liability company formed in the state of Michigan on July 30, 2009. The Registrant became a registered investment advisor with the state of Michigan in 2010 and subsequently became registered with the Securities Exchange Commission in 2020. The Registrant is principally owned by Todd Sanford. Mr. Sanford is also the Registrant’s Managing Member.

B.

INVESTMENT ADVISORY SERVICES

The Registrant provides discretionary and non-discretionary investment advisory services on a *fee* basis. Registrant’s annual investment advisory fee may include investment advisory services, and, to the extent specifically requested by the client, financial planning and consulting services. In the event that the client requires extraordinary planning and/or consultation services (to be determined in the sole discretion of the Registrant), the Registrant may determine to charge for such additional services, the dollar amount of which shall be set forth in a separate written notice to the client.

The Registrant provides investment advisory services specific to the needs of each client. Before providing investment advisory services, an investment adviser representative will ascertain each client’s investment objectives. Thereafter, the Registrant will recommend that the client allocate investment assets consistent with the designated investment objectives. The Registrant primarily recommends that clients allocate investment assets among various individual equity (stocks), debt (bonds) and fixed income securities, mutual funds and/or exchange traded funds (“ETFs”) and exchange traded notes (“ETNs”) in accordance with the client’s designated investment objective(s). Once allocated, the Registrant provides ongoing monitoring and review of account performance, asset allocation and client investment objectives.

TIAA and Fidelity Actively Managed Retirement Accounts (AMRA)

Under the TIAA and Fidelity Fee-Billing platform, the Registrant is allowed to provide fee-based investment management and financial planning services to TIAA and Fidelity retirement plan participants. Under this arrangement, the Registrant will review the participants accounts (403(b), 457, 401(a), IRA, etc.) each quarter. An agreed upon investment strategy will be implemented and monitored. During this review, we may place trades to rebalance the account, utilize newly available investment options, and keep the account on track for the agreed upon investment strategy. These changes will be conveyed to the client through our quarterly newsletter.

In addition, we will offer professional financial planning services to the retirement plan participant. This service will be provided on an ongoing basis and will include such items as retirement projections, investment modeling, budgeting, insurance/benefits review, education funding/planning, etc.

The client or the investment manager may terminate an Agreement by written notice to the other party. At termination, fees will be billed on a pro rata basis for the portion of the quarter completed. The portfolio value at the time of termination will be used as the basis for the fee computation, adjusted for the number of days during the billing quarter prior to termination.

RETIREMENT PLAN SERVICES

The Registrant also provides retirement plan consulting/management services, pursuant to which it assists sponsors of self-directed retirement plans organized under the Employee Retirement Security Act of 1974 (“ERISA”). The terms and conditions of the engagement shall be set forth in a *Retirement Plan Services Agreement* between the Registrant and the plan sponsor.

If the plan sponsor engages the Registrant in an ERISA Section 3(21) capacity, the Registrant will assist with the selection and/or monitoring of investment options (generally open-end mutual funds and exchange traded funds) from which plan participants shall choose in self-directing the investments for their individual plan retirement accounts. If the plan sponsor chooses to engage the Registrant in an ERISA Section 3(38) capacity, Registrant may provide the same services as described above, but may also: create specific asset allocation models that Registrant manages on a discretionary basis, which plan participants may choose in managing their individual retirement account; and/or modify the investment options made available to plan participants on a discretionary basis.

FINANCIAL PLANNING AND CONSULTING SERVICES (STAND-ALONE)

The Registrant may provide financial planning and/or consulting services (including investment and non-investment related matters, including estate planning, insurance planning, etc.) on a stand-alone separate fee basis.

Prior to engaging the Registrant to provide planning or consulting services, clients are generally required to enter into an agreement with Registrant setting forth the terms and conditions of the engagement (including termination), describing the scope of the services to be provided, and the portion of the fee that is due from the client prior to Registrant commencing services.

It remains the client’s responsibility to promptly notify the Registrant if there is ever any change in their financial situation or investment objectives for the purpose of reviewing, evaluating or revising Registrant’s previous recommendations and/or services.

Miscellaneous

Limitations of Financial Planning and Non-Investment Consulting/Implementation Services. As indicated above, to the extent requested by a client, Registrant may provide financial planning and related consulting services inclusive of its advisory fee as set forth at Item 5 below (exceptions may occur based upon assets under management, special projects, etc., for which the Registrant may charge a separate fee). However, neither the Registrant nor its investment adviser representatives assist clients with the implementation of any financial plan, unless they have agreed to do so in writing. The Registrant does not monitor a client’s financial plan, unless specifically engaged to do so, and it is the client’s responsibility to revisit the financial plan with the Registrant, if desired.

Furthermore, although the Registrant may provide recommendations regarding non-investment related matters, such as estate planning, tax planning and insurance, the Registrant does not serve as an attorney or accountant, and no portion of its services should be construed as legal or accounting services. Accordingly, the Registrant does not prepare estate planning documents or tax returns.

To the extent requested by a client, the Registrant may recommend the services of other professionals for certain non-investment implementation purposes (i.e. attorneys, accountants, insurance, etc.), including certain of the Registrant's representatives in their individual capacities as licensed insurance agents (See disclosure at Item 10.C below). The client is under no obligation to engage the services of any such recommended professional. The client retains absolute discretion over all such implementation decisions and is free to accept or reject any recommendation from Registrant and/or its representatives.

If the client engages any recommended unaffiliated professional, and a dispute arises thereafter relative to such engagement, the client agrees to seek recourse exclusively from and against the engaged professional. At all times, the engaged licensed professional(s) (i.e. attorney, accountant, insurance agent, etc.), and not the Registrant, shall be responsible for the quality and competency of the services provided.

Non-Discretionary Service Limitations. Clients that determine to engage the Registrant on a non-discretionary investment advisory basis must be willing to accept that the Registrant cannot effect any account transactions without obtaining prior consent to any such transaction(s) from the client. Therefore, in the event of a market correction during which the client is unavailable, the Registrant will be unable to effect any account transactions (as it would for its discretionary clients) without first obtaining the client's consent.

Independent Managers. Registrant may recommend that the client allocate a portion of a client's investment assets among unaffiliated independent investment managers ("Independent Manager(s)") in accordance with the client's designated investment objective(s). In such situations, the Independent Manager(s) will have day-to-day responsibility for the active discretionary management of the allocated assets. Registrant will continue to render investment supervisory services to the client relative to the ongoing monitoring and review of account performance, asset allocation, and client investment objectives. The Registrant generally considers the following factors when recommending Independent Manager(s): the client's designated investment objective(s), management style, performance, reputation, financial strength, reporting, pricing, and research. The investment management fees charged by the designated Independent Manager(s) are exclusive of, and in addition to, Registrant's ongoing investment advisory fee, subject to the terms and conditions of a separate agreement between the client and the Independent Manager(s). Registrant's advisory fee is set forth in the fee schedule at Item 5 below.

Unaffiliated Private Investment Funds. Registrant may recommend that certain qualified clients consider an investment in unaffiliated private investment funds. Registrant's role relative to the private investment funds shall be limited to its initial and ongoing due diligence and investment monitoring services. Registrant's clients are under absolutely no obligation to consider or make an investment in a private investment fund(s).

Private investment funds generally involve various risk factors, including, but not limited to, potential for complete loss of principal, liquidity constraints and lack of transparency, a complete discussion of which is set forth in each fund's offering documents, which will be provided to each client for review and consideration. Unlike liquid investments that a client may own, private investment funds do not provide daily liquidity or pricing. Each prospective client investor will be required to complete a Subscription Agreement, pursuant to which the client shall establish that he/she is qualified for investment in the

fund and acknowledges and accepts the various risk factors that are associated with such an investment.

If Registrant bills an investment advisory fee based upon the value of private investment funds or otherwise references private investment funds owned by the client on any supplemental account reports prepared by Registrant, the value for all private investment funds owned by the client will reflect the most recent valuation provided by the fund sponsor. The current value of any private investment fund could be significantly more or less than the original purchase price or the price reflected in any supplemental account report.

Use of Mutual and Exchange Traded Funds: Most mutual funds and exchange traded funds are available directly to the public. Therefore, a prospective client can obtain many of the funds that may be utilized by Registrant independent of engaging Registrant as an investment advisor. However, if a prospective client determines to do so, he/she will not receive Registrant's initial and ongoing investment advisory services.

In addition to Registrant's investment advisory fee described below, and transaction and/or custodial fees discussed below, clients will also incur, relative to all mutual fund and exchange traded fund purchases, charges imposed at the fund level (e.g. management fees and other fund expenses).

Socially Responsible Investing Limitations. Socially Responsible Investing involves the incorporation of Environmental, Social and Governance considerations into the investment due diligence process ("ESG"). There are potential limitations associated with allocating a portion of an investment portfolio in ESG securities (i.e., securities that have a mandate to avoid, when possible, investments in such products as alcohol, tobacco, firearms, oil drilling, gambling, etc.). The number of these securities may be limited when compared to those that do not maintain such a mandate. ESG securities could underperform broad market indices. Investors must accept these limitations, including potential for underperformance. Correspondingly, the number of ESG mutual funds and exchange traded funds are few when compared to those that do not maintain such a mandate. As with any type of investment (including any investment and/or investment strategies recommended and/or undertaken by Registrant), there can be no assurance that investment in ESG securities or funds will be profitable, or prove successful.

Exchange Traded Notes. ETNs are unsecured debt obligations of the issuer, that trade on exchanges and seek a return linked to a market index or other benchmark. Unlike ETFs, ETNs do not buy or hold assets to replicate or approximate the performance of the underlying index. The return on an ETN generally depends on price changes if the ETN is sold before maturing (as with stocks or ETFs)— or on the payment, if any, of a distribution if the ETN is held to maturity (as with some other structured products). An ETN's indicative value is computed by the issuer and is distinct from an ETN's market price, which is the price at which an ETN trades in the secondary market. An ETN's market price can deviate, sometimes significantly, from its indicative value.

Portfolio Activity. Registrant has a fiduciary duty to provide services consistent with the client's best interest. As part of its investment advisory services, Registrant will review client portfolios on an ongoing basis to determine if any changes are necessary based upon various factors, including, but not limited to, investment performance, fund manager tenure, style drift, account additions/withdrawals, and/or a change in the client's

investment objective. Based upon these factors, there may be extended periods of time when Registrant determines that changes to a client's portfolio are neither necessary nor prudent. Clients nonetheless remain subject to the fees described in Item 5 below during periods of account inactivity.

Cash Positions. Registrant continues to treat cash as an asset class. As such, unless determined to the contrary by Registrant, all cash positions (money markets, etc.) shall continue to be included as part of assets under management for purposes of calculating Registrant's advisory fee. At any specific point in time, depending upon perceived or anticipated market conditions/events (there being no guarantee that such anticipated market conditions/events will occur), Registrant may maintain cash positions for defensive purposes. In addition, while assets are maintained in cash, such amounts could miss market advances. Depending upon current yields, at any point in time, Registrant's advisory fee could exceed the interest paid by the client's money market fund.

Retirement Plan Rollovers–Conflict of Interest: A client or prospective client leaving an employer typically has four options regarding an existing retirement plan (and may engage in a combination of these options): (i) leave the money in the former employer's plan, if permitted, (ii) roll over the assets to the new employer's plan, if one is available and rollovers are permitted, (iii) roll over to an Individual Retirement Account ("IRA"), or (iv) cash out the account value (which could, depending upon the client's age, result in adverse tax consequences). If Registrant recommends that a client roll over their retirement plan assets into an account to be managed by Registrant, such a recommendation creates a conflict of interest if Registrant will earn new (or increase its current) compensation as a result of the rollover. If Registrant provides a recommendation as to whether a client should engage in a rollover or not, Registrant is acting as a fiduciary within the meaning of Title I of the Employee Retirement Income Security Act and/or the Internal Revenue Code, as applicable, which are laws governing retirement accounts. No client is under any obligation to roll over retirement plan assets to an account managed by Registrant.

Client Obligations. In performing its services, Registrant shall not be required to verify any information received from the client or from the client's other professionals and is expressly authorized to rely thereon. Moreover, each client is advised that it remains their responsibility to promptly notify the Registrant if there is ever any change in their financial situation or investment objectives for the purpose of reviewing, evaluating or revising Registrant's previous recommendations and/or services.

Disclosure Statement. A copy of the Registrant's written Brochure and CRS, as set forth on Parts 2 and 3 of Form ADV, respectively, shall be provided to each client prior to the execution of any new advisory agreement.

- C. The Registrant shall provide investment advisory services specific to the needs of each client. Prior to providing investment advisory services, an investment adviser representative will ascertain each client's investment objective(s). Thereafter, the Registrant shall allocate and/or recommend that the client allocate investment assets consistent with the designated investment objective(s). The client may, at any time, impose reasonable restrictions, in writing, on the Registrant's services.
- D. The Registrant does not participate in a wrap fee program.

- E. As of December 31, 2021, the Registrant had \$936,529,701 in assets under management on a discretionary basis and \$21,091,601 in assets under management on a non-discretionary basis.

Item 5 Fees and Compensation

A.

INVESTMENT ADVISORY SERVICES

The Registrant's annual investment advisory fee shall vary from negotiable up to 1.50% of the total assets placed under the Registrant's management/advisement and shall be based upon various objective and subjective factors.

As a result, clients could pay diverse fees based upon the market value of their assets, the complexity of the engagement, and the level and scope of the overall financial planning and/or consulting services to be rendered. The services to be provided by the Registrant to any particular client could be available from other advisers at lower fees. All clients and prospective clients should be guided accordingly.

TIAA and Fidelity Actively Managed Retirement Accounts (AMRA)

Under the TIAA and Fidelity Fee-Billing platform, the Registrant will charge a 0.50% fee annually based on the asset value of the account(s) being managed. The advisory fee will be charged quarterly in advance or arrears. The fee will be based upon the total asset value of the participant's retirement plan account(s) at the end of each quarter.

Only advisory fees that are directly related to the retirement plan participant's defined contribution plan retirement account(s) may be paid from accumulations in those account(s), and such fees may not be paid from any other source. All fees will be paid on behalf of the retirement plan participant from the defined contribution plan retirement account(s). Participants who enter or exit this program in between calendar quarters will have their fee prorated based on the total number of days enrolled during the quarter.

RETIREMENT PLAN SERVICES

The Registrant provides pension consulting services, in the capacity of a 3(21) and 3(38) advisor, pursuant to which it assists sponsors of self-directed retirement plans with the selection and/or monitoring of investment alternatives from which plan participants shall choose in self-directing the investments for their individual plan retirement accounts. The Registrant's annual fee for these services shall generally range from negotiable up to 1.00% of the total assets maintained within the plan.

FINANCIAL PLANNING AND CONSULTING SERVICES (STAND-ALONE)

The Registrant may provide financial planning and/or consulting services (including investment and non-investment related matters, including estate planning, insurance planning, etc.) on a stand-alone fee basis. Registrant's planning and consulting fees are negotiable, but generally range from \$3,000 to \$5,000 on a fixed fee basis, and from \$100 to \$500 on an hourly rate basis, depending upon the level and scope of the service(s) required and the professional(s) rendering the service(s).

- B. Clients may elect to have the Registrant’s advisory fees deducted from their custodial account. Both Registrant’s Agreement and the custodial/clearing agreement may authorize the custodian to debit the account for the amount of the Registrant’s investment advisory fee and to directly remit that advisory fee to the Registrant in compliance with regulatory procedures.

In the limited event that the Registrant bills the client directly, payment is due upon receipt of the Registrant’s invoice.

- C. As discussed below, unless the client directs otherwise or an individual client’s circumstances require, Registrant shall generally recommend that Raymond James Financial Services, Inc. (“*Raymond James*”) serve as the broker-dealer/custodian for client investment management assets. Broker-dealers such as *Raymond James* charge transaction fees for effecting certain securities transactions.

In addition to the Registrant’s investment management fee and/or transaction fees, clients will also incur, relative to all mutual fund and exchange traded fund purchases, charges imposed at the fund level (e.g. management fees and other fund expenses). Clients engaging *Independent Managers* will incur additional investment advisory fees.

- D. Registrant’s annual investment advisory fee shall be prorated and paid quarterly, in advance, based upon the market value of the assets on the last business day of the previous month.

With the exception of a financial planning engagement on a project basis, which may automatically terminate upon the completion of the project, agreements between the Registrant and the client will continue in effect until terminated by either party by written notice in accordance with the terms of the Agreement. Upon termination, the Registrant shall refund to the client any unearned, prepaid fees.

- E. Neither the Registrant, nor its representatives accept compensation from the sale of securities or other investment products.

Item 6 Performance-Based Fees and Side-by-Side Management

Neither the Registrant nor any supervised person of the Registrant accepts performance-based fees.

Item 7 Types of Clients

The Registrant’s clients shall generally include individuals, qualified plans, business entities, trusts, estates, or others such as educational, governmental and medical institutions.

Item 8 Methods of Analysis, Investment Strategies and Risk of Loss

- A. The Registrant may utilize the following methods of security analysis:

- Fundamental - (analysis performed on historical and present data, with the goal of making financial forecasts)
- Technical – (analysis performed on historical and present data, focusing on price and trade volume, to forecast the direction of prices)

The Registrant may utilize the following investment strategies when implementing investment advice given to clients:

- Long Term Purchases (securities held at least a year)
- Short Term Purchases (securities sold within a year)
- Margin Transactions (use of borrowed assets to purchase financial instruments)
- Options (contract for the purchase or sale of a security at a predetermined price during a specific period of time)

Investment Risk. Investing in securities involves risk of loss that clients should be prepared to bear. Different types of investments involve varying degrees of risk, and it should not be assumed that future performance of any specific investment or investment strategy (including the investments and/or investment strategies recommended or undertaken by the Registrant) will be profitable or equal any specific performance level(s).

All investment strategies have certain risks that are borne by the investor. Although there is no way to list all risks involved with investing, the following are common risks born by the majority of investors:

Interest Rate Risk: Fluctuations in interest rates may cause investment prices to fluctuate. For example, when interest rates rise, bond prices generally fall.

Market Risk: Asset prices may drop in reaction to certain unforeseen events. Also referred to as exogenous risk, this type of risk is caused by external factors independent of a security's particular underlying fundamentals or intrinsic value. For example, geo-political, economic, legislative, and/or societal events may amplify market risk.

Inflation Risk: When inflation is present, a dollar today will not buy as much as a dollar next year, because purchasing power is eroding at the rate of inflation.

Currency Risk: Overseas investments are subject to fluctuations in the value of the dollar against the currency of the investment's originating country. This is also referred to as exchange rate risk.

Reinvestment Risk: This is the risk that future proceeds from investments may have to be reinvested at a potentially lower rate of return (i.e. interest rate). This primarily relates to fixed income securities.

Business Risk: These risks are associated with a particular industry or a particular company within an industry. Some industries and/or companies may have historically demonstrated more stability than others. Economic factors and business functions are constantly changing. Past results are no guarantee of future performance.

Liquidity Risk: Liquidity is the ability to readily convert an investment into cash. Generally, assets are more liquid if many traders are interested in a standardized product.

Financial Risk: Also referred to as leverage risk. Excessive borrowing to finance a business' operations may lead to financial strain and the ability to generate profits or meet

certain obligations. During periods of financial stress, the inability to meet loan obligations may result in bankruptcy and/or a declining market value.

Counterparty Risk: The risk that each party may not be able to meet its contractual obligations. This may also be referred to as default risk for fixed income investments. In rare circumstances, the underlying securities within registered investment products may become illiquid which may restrict the ability of investors to redeem shares at quoted prices.

Execution Risk: The risk that buy/sell transactions may not be executed at favorable prices. This may occur during periods of abnormal market conditions.

- B. The Registrant's methods of analysis and investment strategies do not present any significant or unusual risks. However, every method of analysis has its own inherent risks. To perform an accurate market analysis the Registrant must have access to current/new market information. The Registrant has no control over the dissemination rate of market information; therefore, unbeknownst to the Registrant, certain analyses may be compiled with outdated market information, severely limiting the value of the Registrant's analysis. Furthermore, an accurate market analysis can only produce a forecast of the direction of market values. There can be no assurances that a forecasted change in market value will materialize into actionable and/or profitable investment opportunities.

The Registrant's primary investment strategies - Long Term Purchases and Short Term Purchases are fundamental investment strategies. However, every investment strategy has its own inherent risks and limitations. For example, longer term investment strategies require a longer investment time period to allow for the strategy to potentially develop. Shorter term investment strategies require a shorter investment time period to potentially develop but, as a result of more frequent trading, may incur higher transactional costs when compared to a longer term investment strategy.

Options Strategies. The use of options transactions as an investment strategy involves a high level of inherent risk. Option transactions establish a contract between two parties concerning the buying or selling of an asset at a predetermined price during a specific period of time. During the term of the option contract, the buyer of the option gains the right to demand fulfillment by the seller. Fulfillment may take the form of either selling or purchasing a security depending upon the nature of the option contract. Generally, the purchase or the recommendation to purchase an option contract by the Registrant shall be with the intent of offsetting/"hedging" a potential market risk in a client's portfolio.

Although the intent of the options-related transactions that may be implemented by the Registrant is to hedge against principal risk, certain of the options-related strategies (i.e. straddles, short positions, etc), may, in and of themselves, produce principal volatility and/or risk. Therefore, a client must be willing to accept these enhanced volatility and principal risks associated with such strategies. In light of these enhanced risks, client may direct the Registrant, in writing, not to employ any or all such strategies for their accounts.

For detailed information on the use of options and option strategies, please refer to the Option Clearing Corp.'s Option Disclosure Document, which can be found at: <http://www.optionclearing.com/components/docs/riskstoc.pdf>

Hard copies may be ordered by calling 1-888-678-4667 or writing OCC, 1 North Wacker Drive, Suite 500 Chicago, IL 60606.

Covered Call Writing. Covered call writing is the sale of in-, at-, or out-of- the money call option against a long security position held in a client portfolio. This type of transaction is intended to generate income. It also serves to create downside protection in the event the security position declines in value. Income is received from the proceeds of the option sale. Such income may be reduced to the extent it is necessary to buy back the option position before its expiration. This strategy may involve a degree of trading velocity, transaction costs and significant losses if the underlying security has volatile price movement. Covered call strategies are generally suited for positions with little price volatility.

Margin Accounts-The Registrant does not recommend the use of margin for investment purposes. However, should a client determine to use margin, the Registrant will include the entire market value of the margined assets when computing its advisory fee. Accordingly, the Registrant's fee shall be based upon a higher margined account value, resulting in the Registrant earning a correspondingly higher advisory fee. As a result, the conflict of interest arises since the Registrant may have an economic disincentive to recommend that the client terminate the use of margin.

Borrowing Against Assets/Risks. A client who has a need to borrow money could determine to do so by using:

- **Margin-**The account custodian or broker-dealer lends money to the client. The custodian charges the client interest for the right to borrow money, and uses the assets in the client's brokerage account as collateral; and,
- **Pledged Assets Loan-** In consideration for a lender (i.e., a bank, etc.) to make a loan to the client, the client pledges its investment assets held at the account custodian as collateral;

These above-described collateralized loans are generally utilized because they typically provide more favorable interest rates than standard commercial loans. These types of collateralized loans can assist with a pending home purchase, permit the retirement of more expensive debt, or enable borrowing in lieu of liquidating existing account positions and incurring capital gains taxes. However, such loans are not without potential material risk to the client's investment assets. The lender (i.e. custodian, bank, etc.) will have recourse against the client's investment assets in the event of loan default or if the assets fall below a certain level. For this reason, Registrant does not recommend such borrowing unless it is for specific short-term purposes (i.e. a bridge loan to purchase a new residence). Registrant does not recommend such borrowing for investment purposes (i.e. to invest borrowed funds in the market). However, if the client elects to utilize margin or a pledged assets loan, the Registrant will continue to earn a fee on such Account assets.

The Client must accept the above risks and potential corresponding consequences associated with the use of margin or a pledged assets loans.

- C. Currently, the Registrant primarily recommends that clients allocate investment assets among various individual equity (stocks), debt (bonds) and fixed income securities, mutual funds, ETFs or ETNs on a discretionary and/or non-discretionary basis in accordance with the client's designated investment objective(s).

Item 9 Disciplinary Information

The Registrant has not been the subject of any disciplinary actions.

Item 10 Other Financial Industry Activities and Affiliations

- A. Neither the Registrant, nor its representatives, are registered or have an application pending to register, as a broker-dealer or a registered representative of a broker-dealer.
- B. Neither the Registrant, nor its representatives, are registered or have an application pending to register, as a futures commission merchant, commodity pool operator, a commodity trading advisor, or a representative of the foregoing.
- C. **Licensed Insurance Agents**. Certain of the Registrant's representatives, in their individual capacities, are licensed insurance agents. These individuals may recommend the purchase of certain insurance-related products on a commission basis. As referenced in Item 4.B above, clients can engage certain of Registrant's representatives to purchase insurance products on a commission basis.

Conflict of Interest: The recommendation by representatives of the Registrant that a client purchase an insurance commission product presents a conflict of interest, as the receipt of commissions may provide an incentive to recommend insurance products based on commissions to be received, rather than on a particular client's need. No client is under any obligation to purchase any commission products from representatives of the Registrant. Clients are reminded that they may purchase insurance products recommended by Registrant through other, non-affiliated insurance agents.

- D. The Registrant does not receive, directly or indirectly, compensation from investment advisors that it recommends or selects for its clients.

Item 11 Code of Ethics, Participation or Interest in Client Transactions and Personal Trading

- A. The Registrant maintains an investment policy relative to personal securities transactions. This investment policy is part of Registrant's overall Code of Ethics, which serves to establish a standard of business conduct for all of Registrant's Representatives that is based upon fundamental principles of openness, integrity, honesty and trust, a copy of which is available upon request.

In accordance with Section 204A of the Investment Advisers Act of 1940, the Registrant also maintains and enforces written policies reasonably designed to prevent the misuse of material non-public information by the Registrant or any person associated with the Registrant.

- B. Neither the Registrant nor any related person of Registrant recommends, buys, or sells for client accounts, securities in which the Registrant or any related person of Registrant has a material financial interest.
- C. The Registrant and/or representatives of the Registrant *may* buy or sell securities that are also recommended to clients. This practice may create a situation where the Registrant

and/or representatives of the Registrant are in a position to materially benefit from the sale or purchase of those securities. Therefore, this situation creates a conflict of interest. Practices such as “scalping” (i.e., a practice whereby the owner of shares of a security recommends that security for investment and then immediately sells it at a profit upon the rise in the market price which follows the recommendation) could take place if the Registrant did not have adequate policies in place to detect such activities. In addition, this requirement can help detect insider trading, “front-running” (i.e., personal trades executed prior to those of the Registrant’s clients) and other potentially abusive practices.

The Registrant has a personal securities transaction policy in place to monitor the personal securities transactions and securities holdings of each of the Registrant’s “Access Persons”. The Registrant’s securities transaction policy requires that an Access Person of the Registrant must provide the Chief Compliance Officer or his/her designee with a written report of their current securities holdings within ten (10) days after becoming an Access Person. Additionally, each Access Person must provide the Chief Compliance Officer or his/her designee with a written report of the Access Person’s current securities holdings at least once each twelve (12) month period thereafter on a date the Registrant selects; provided, however that at any time that the Registrant has only one Access Person, he or she shall not be required to submit any securities report described above.

- D. The Registrant and/or representatives of the Registrant *may* buy or sell securities, at or around the same time as those securities are recommended to clients. This practice creates a situation where the Registrant and/or representatives of the Registrant are in a position to materially benefit from the sale or purchase of those securities. Therefore, this situation creates a conflict of interest. As indicated above in Item 11 C, the Registrant has a personal securities transaction policy in place to monitor the personal securities transaction and securities holdings of each of Registrant’s Access Persons.

Item 12 Brokerage Practices

- A. In the event that the client requests that Registrant recommend a broker-dealer/custodian for execution and/or custodial services (exclusive of those clients that may direct Registrant to use a specific broker-dealer/custodian), Registrant recommends that investment management accounts be maintained at *Raymond James*. Prior to engaging Registrant to provide investment management services, the client will be required to enter into a formal advisory agreement with the Registrant setting forth the terms and conditions under which Registrant shall manage the client's assets, and a separate custodial/clearing agreement with each designated broker-dealer/custodian.

Factors that Registrant considers in recommending *Raymond James* (or any other broker-dealer/custodian to clients) include historical relationship with Registrant, financial strength, reputation, execution capabilities, pricing, research, and service. Although the commissions and/or transaction fees paid by Registrant's clients shall comply with Registrant's duty to seek best execution, a client may pay a commission that is higher than another qualified broker-dealer might charge to effect the same transaction where Registrant determines, in good faith, that the commission/transaction fee is reasonable. In seeking best execution, the determinative factor is not the lowest possible cost, but whether the transaction represents the best qualitative execution, taking into consideration the full range of a broker-dealer’s services, including the value of research provided, execution capability, commission rates, and responsiveness. Accordingly, although Registrant will seek competitive rates, it may not necessarily obtain the lowest possible commission rates

for client account transactions. The brokerage commissions or transaction fees charged by the designated broker-dealer/custodian are exclusive of, and in addition to, Registrant's investment management fee. Registrant's best execution responsibility is qualified if securities that it purchases for client accounts are mutual funds that trade at net asset value as determined at the daily market close.

1. Research and Additional Benefits

Although not a material consideration when determining whether to recommend that a client utilize the services of a particular broker-dealer/custodian, Registrant receives from *Raymond James* (or another broker-dealer/custodian, investment platform, unaffiliated investment manager, vendor, unaffiliated product/fund sponsor, or vendor) without cost (and/or at a discount) support services and/or products, certain of which assist Registrant to better monitor and service client accounts maintained at such institutions. Included within the support services that may be obtained by Registrant may be investment-related research, pricing information and market data, software and other technology that provide access to client account data, compliance and/or practice management-related publications, discounted or gratis consulting services, discounted and/or gratis attendance at conferences, meetings, and other educational and/or social events, marketing support, computer hardware and/or software and/or other products used by Registrant in furtherance of its investment advisory business operations.

As indicated above, certain of the support services and/or products received may assist Registrant in managing and administering client accounts. Others do not directly provide such assistance, but rather assist Registrant to manage and further develop its business enterprise.

There is no corresponding commitment made by Registrant to *Raymond James* or any other entity to invest any specific amount or percentage of client assets in any specific mutual funds, securities or other investment products as a result of the above arrangement.

As indicated above, certain of the support services and/or products received may assist Registrant in managing and administering client accounts. Others do not directly provide such assistance, but rather assist Registrant to manage and further develop its business enterprise.

There is no corresponding commitment made by Registrant to *Raymond James* or any other entity to invest any specific amount or percentage of client assets in any specific mutual funds, securities or other investment products as a result of the above arrangement.

Additional Benefits

Registrant has received from certain wholesalers, additional economic benefits ("Additional Benefits") that may or may not be offered to the Registrant again in the future. Specifically, the Additional Benefits include partial payment for client events hosted by the Registrant. Over a two-year period, wholesalers may make payments to third-party vendors in connection with client events of between \$20,000 and \$25,000. Each payment is non-recurring and individually negotiated. The Registrant has no expectation that these Additional Benefits will be offered again. However, the Registrant reserves the right to negotiate for these Additional Benefits in the future. Wholesalers provide the Additional Benefits to Registrant in their sole discretion and at their own expense. The Registrant has not entered into any written agreement to govern the Additional Benefits.

2. Registrant does not receive referrals from broker-dealers.
3. Registrant does not generally accept directed brokerage arrangements (when a client requires that account transactions be effected through a specific broker-dealer). In such client directed arrangements, the client will negotiate terms and arrangements for their account with that broker-dealer, and Registrant will not seek better execution services or prices from other broker-dealers or be able to “batch” the client’s transactions for execution through other broker-dealers with orders for other accounts managed by Registrant. As a result, client may pay higher commissions or other transaction costs or greater spreads, or receive less favorable net prices, on transactions for the account than would otherwise be the case.

In the event that the client directs Registrant to effect securities transactions for the client’s accounts through a specific broker-dealer, the client correspondingly acknowledges that such direction may cause the accounts to incur higher commissions or transaction costs than the accounts would otherwise incur had the client determined to effect account transactions through alternative clearing arrangements that may be available through Registrant. Higher transaction costs adversely impact account performance.

Transactions for directed accounts will generally be executed following the execution of portfolio transactions for non-directed accounts.

- B. To the extent that the Registrant provides investment management services to its clients, the transactions for each client account generally will be effected independently, unless the Registrant decides to purchase or sell the same securities for several clients at approximately the same time. The Registrant may (but is not obligated to) combine or “bunch” such orders to seek best execution, to negotiate more favorable commission rates or to allocate equitably among the Registrant’s clients differences in prices and commissions or other transaction costs that might have been obtained had such orders been placed independently. Under this procedure, transactions will be averaged as to price and will be allocated among clients in proportion to the purchase and sale orders placed for each client account on any given day. The Registrant shall not receive any additional compensation or remuneration as a result of such aggregation.

Item 13 Review of Accounts

- A. For those clients to whom Registrant provides investment supervisory services, account reviews are conducted on an ongoing basis by the Registrant’s Managing Member and/or representatives. All investment supervisory clients are advised that it remains their responsibility to advise the Registrant of any changes in their investment objectives and/or financial situation. All clients (in person or via telephone) are encouraged to review financial planning issues (to the extent applicable), investment objectives and account performance with the Registrant on an annual basis.
- B. The Registrant may conduct account reviews on an other than periodic basis upon the occurrence of a triggering event, such as a change in client investment objectives and/or financial situation, market corrections and client request.
- C. Clients are provided, at least quarterly, with written transaction confirmation notices and regular written summary account statements directly from the broker-dealer/custodian

and/or program sponsor for the client accounts. The Registrant may also provide a written periodic report summarizing account activity and performance.

Item 14 Client Referrals and Other Compensation

- A. As referenced in Item 12.A.1 above, the Registrant receives an economic benefit from broker-dealers. The Registrant, without cost (and/or at a discount), receives support services and/or products from broker-dealers.

There is no corresponding commitment made by the Registrant to a broker-dealer or any other entity to invest any specific amount or percentage of client assets in any specific mutual funds, securities or other investment products as a result of the above arrangement.

- B. If a client is introduced to the Registrant by either an unaffiliated or an affiliated solicitor, Registrant may pay that solicitor a referral fee in accordance with the requirements of Rule 206(4)-3 of the Investment Advisers Act of 1940, and any corresponding state securities law requirements. Any such referral fee shall be paid solely from the Registrant's investment advisory fee, and shall not result in any additional charge to the client. If the client is introduced to the Registrant by an unaffiliated solicitor, the solicitor, at the time of the solicitation, shall disclose the nature of their solicitor relationship, and shall provide each prospective client with a copy of the Registrant's written Brochure with a copy of the written disclosure statement from the solicitor to the client disclosing the terms of the solicitation arrangement between the Registrant and the solicitor, including the compensation to be received by the solicitor from the Registrant.

Item 15 Custody

The Registrant shall have the ability to have its advisory fee for each client debited by the custodian on a quarterly basis. Clients are provided, at least quarterly, with written transaction confirmation notices and regular written summary account statements directly from the broker-dealer/custodian and/or program sponsor for the client accounts. The Registrant may also provide a written periodic report summarizing account activity and performance.

To the extent that the Registrant provides clients with periodic account statements or reports, the client is urged to compare any statement or report provided by the Registrant with the account statements received from the account custodian.

The account custodian does not verify the accuracy of the Registrant's advisory fee calculation.

The Registrant engages in other practices and services on behalf of its clients that require disclosure at ADV Part 1, Item 9. In particular, certain clients have signed asset transfer authorizations which permit the qualified custodian to rely upon instructions from the Registrant to transfer client funds to "third parties." These arrangements are reflected at ADV Part 1, Item 9, but in accordance with the guidance provided in the SEC's February 21, 2017 Investment Adviser Association No-Action Letter, the affected accounts are not subjected to an annual surprise CPA examination.

Item 16 Investment Discretion

The client can determine to engage the Registrant to provide investment advisory services on a discretionary basis. Prior to the Registrant assuming discretionary authority over a client's account, the client shall be required to execute an *Investment Advisory Agreement*, naming the Registrant as the client's attorney and agent in fact, granting the Registrant full authority to buy, sell, or otherwise effect investment transactions involving the assets in the client's name found in the discretionary account.

Clients who engage the Registrant on a discretionary basis may, at any time, impose restrictions, in writing, on the Registrant's discretionary authority (i.e. limit the types/amounts of particular securities purchased for their account, exclude the ability to purchase securities with an inverse relationship to the market, limit or proscribe the Registrant's use of margin, etc.).

Item 17 Voting Client Securities

- A. The Registrant does not vote client proxies. Clients maintain exclusive responsibility for: (1) directing the manner in which proxies solicited by issuers of securities beneficially owned by the client shall be voted, and (2) making all elections relative to any mergers, acquisitions, tender offers, bankruptcy proceedings or other type events pertaining to the client's investment assets.
- B. Clients will receive their proxies or other solicitations directly from their custodian. Clients may contact the Registrant to discuss any questions they may have with a particular solicitation.

Item 18 Financial Information

- A. The Registrant does not require clients to pay fees of more than \$1,200, per client, six months or more in advance.
- B. The Registrant is unaware of any financial condition that is reasonably likely to impair its ability to meet its contractual commitments relating to its discretionary authority over certain client accounts.
- C. The Registrant has not been the subject of a bankruptcy petition.

The Registrant's Chief Compliance Officer, Lori Bumgart, remains available to address any questions that a client or prospective client may have regarding the disclosures in this Brochure.

This Brochure Supplement provides information about Todd A. Sanford that supplements the Sanford Advisory Brochure; you should have received a copy of that Brochure. Please contact Lori J. Bumgart, Chief Compliance Officer, if you did *not* receive Sanford Advisory's Brochure or if you have any questions about the contents of this supplement.

Additional information about Todd A. Sanford is available on the SEC's website at www.adviserinfo.sec.gov

Item 2 Education Background and Business Experience

Todd A. Sanford was born in 1961. Mr. Sanford graduated from Western Michigan University in 1983, with a Bachelor of Business Administration degree in Finance. Mr. Sanford has been an investment adviser representative and Owner of Sanford Advisory since 2009. Mr. Sanford was an investment adviser representative of Raymond James Financial Services from 1989 through 2020.

Mr. Sanford has been a CERTIFIED FINANCIAL PLANNER™ professional since 1991. Certified Financial Planner Board of Standards, Inc. ("CFP Board") owns the CFP® certification mark, the CERTIFIED FINANCIAL PLANNER™ certification mark, and the CFP® certification mark (with flame design) logo in the United States (these marks are collectively referred to as the "CFP® marks"). The CFP Board authorizes use of the CFP® marks by individuals who successfully complete the CFP Board's initial and ongoing certification requirements.

The CFP® certification is a voluntary certification; no federal or state law or regulation requires financial planners to hold CFP® certification. It is recognized in the United States and a number of other countries for its (1) high standard of professional education; (2) stringent code of conduct and standards of practice; and (3) ethical requirements that govern professional engagements with clients. Currently, more than 90,000 individuals have obtained CFP® certification.

To attain the right to use the CFP® marks, an individual must currently satisfactorily fulfill the following requirements:

- Education – Complete a college-level course of study addressing the financial planning subject areas that CFP Board’s studies have determined as necessary for the competent and professional delivery of financial planning services or an accepted equivalent, including [completion of a financial plan development capstone course](#), and attain a Bachelor’s Degree from an accredited college or university. CFP Board’s financial planning subject areas include professional conduct and regulation, general principles of financial planning, education planning, risk management and insurance planning, investment planning, income tax planning, retirement savings and income planning, and estate planning;
- Examination – Pass the comprehensive CFP® Certification Examination. The examination, administered in 6 hours, includes case studies and client scenarios designed to test one’s ability to correctly diagnose financial planning issues and apply one’s knowledge of financial planning to real world circumstances;
- Experience – CFP Board requires 6,000 hours of experience through the Standard Pathway, or 4,000 hours of experience through the Apprenticeship Pathway that meets additional requirements; and
- Ethics – Agree to be bound by CFP Board’s *Code of Ethics and Standards of Conduct*, which put clients’ interest first; acknowledge CFP Board’s right to enforce them through its *Disciplinary Rules and Procedures*; comply with the *Financial Planning Practice Standards* which determine what clients should reasonably expect from the financial planning engagement and complete a CFP® Certification Application which requires disclosure of an individual’s background, including involvement in any criminal, civil, governmental, or self-regulatory agency proceeding or inquiry, bankruptcy, customer complaint, filing, termination/internal reviews conducted by the individual’s employer or firm.

Individuals who become certified must complete the following ongoing education and ethics requirements in order to maintain the right to continue to use the CFP® marks:

- Continuing Education – Complete 30 hours of continuing education hours accepted by the CFP Board every two years, including two hours on the *Code of Ethics* and other parts of the *Standards of Professional Conduct*, to maintain competence and keep up with developments in the financial planning field; and
- Ethics – CFP® professionals agree to adhere to the high standards of ethics and practice outlined in CFP Board’s Code of Ethics and Standards of Conduct and to acknowledge CFP Board’s right to enforce them through its Disciplinary Rules and Procedures. The Code of Ethics and Standards of Conduct require that CFP® professionals provide financial planning services in the best interests of their clients.
- Certification Application – Properly complete a Certification Application to (i) acknowledge voluntary adherence to the [terms and conditions of certification with CFP](#)

[Board](#) and (ii) disclose any involvement in criminal and civil proceedings, inquiries or investigations, bankruptcy filings, internal reviews and customer complaints.

CFP® professionals who fail to comply with the above standards and requirements may be subject to CFP Board's enforcement process, which could result in suspension or permanent revocation of their CFP® certification.

You may [verify an individual's CFP®](#) certification and background through the CFP Board. The verification function will allow you to verify an individual's certification status, CFP Board's disciplinary history and any bankruptcy disclosures in the past ten years. Additional regulatory information may also be found through [FINRA'S BrokerCheck](#) and the [SEC's Investment Adviser Public Disclosure databases](#), which are free tools that may be used to conduct research on the background and experience of CFP® professionals and those who held CFP® certification at one time, including with respect to employment history, regulatory actions, and investment-related licensing information, arbitrations, and complaints.

Item 3 Disciplinary Information

None.

Item 4 Other Business Activities

- A. The supervised person is not actively engaged in any other investment-related businesses or occupations.
- B. **Licensed Insurance Agent.** Mr. Sanford, in his individual capacity, is a licensed insurance agent, and may recommend the purchase of certain insurance-related products on a commission basis. Clients can engage Mr. Sanford to purchase insurance products on a commission basis. **Conflict of Interest:** The recommendation by Mr. Sanford that a client purchase an insurance commission product presents a *conflict of interest*, as the receipt of commissions may provide an incentive to recommend insurance products based on commissions to be received, rather than on a particular client's need. No client is under any obligation to purchase any insurance commission products from Mr. Sanford. Clients are reminded that they may purchase insurance products recommended by Mr. Sanford through other, non-affiliated insurance agents. **The Registrant's Chief Compliance Officer, Lori J. Bumgart, remains available to address any questions that a client or prospective client may have regarding the above conflict of interest.**

Item 5 Additional Compensation

None.

Item 6 Supervision

The Registrant provides investment advisory and supervisory services in accordance with the Registrant's policies and procedures manual. The primary purpose of the Registrant's Rule 206(4)-7 policies and procedures is to comply with the supervision requirements of Section 203(e)(6) of the Investment Advisers Act of 1940 (the "Act"). The Registrant's Chief Compliance Officer, Lori J. Bumgart, is primarily responsible for the implementation of the Registrant's policies and procedures and overseeing the activities of the Registrant's supervised persons. Should an employee, independent contractor, investment adviser representative, or solicitor of the Registrant have any questions regarding the applicability/relevance of the Act, the Rules thereunder, any section thereof, or any section of the policies and procedures, he/she should address those questions with the Chief Compliance Officer. Should a client have any questions regarding the Registrant's supervision or compliance practices, please contact Ms. Bumgart at (269) 488-6900.

This Brochure Supplement provides information about Brent W. Kerstetter that supplements the Sanford Advisory Brochure; you should have received a copy of that Brochure. Please contact Lori J. Bumgart, Chief Compliance Officer, if you did *not* receive Sanford Advisory's Brochure or if you have any questions about the contents of this supplement.

Additional information about Brent W. Kerstetter is available on the SEC's website at www.adviserinfo.sec.gov

Item 2 Education Background and Business Experience

Brent W. Kerstetter was born in 1972. Mr. Kerstetter graduated from Eastern Michigan University in 1995, with a Bachelor of Business Administration degree and in 2001 with a Master of Business Administration degree from Western Michigan University. Mr. Kerstetter has been an investment adviser representative and Owner of Sanford Advisory since 2009. Mr. Kerstetter was an investment adviser representative of Raymond James Financial Services from 2009 through 2020.

Mr. Kerstetter has been a CERTIFIED FINANCIAL PLANNER™ professional since 2009. Certified Financial Planner Board of Standards, Inc. ("CFP Board") owns the CFP® certification mark, the CERTIFIED FINANCIAL PLANNER™ certification mark, and the CFP® certification mark (with flame design) logo in the United States (these marks are collectively referred to as the "CFP® marks"). The CFP Board authorizes use of the CFP® marks by individuals who successfully complete the CFP Board's initial and ongoing certification requirements.

The CFP® certification is a voluntary certification; no federal or state law or regulation requires financial planners to hold CFP® certification. It is recognized in the United States and a number of other countries for its (1) high standard of professional education; (2) stringent code of conduct and standards of practice; and (3) ethical requirements that govern professional engagements with clients. Currently, more than 90,000 individuals have obtained CFP® certification.

To attain the right to use the CFP® marks, an individual must currently satisfactorily fulfill the following requirements:

- Education – Complete a college-level course of study addressing the financial planning subject areas that CFP Board’s studies have determined as necessary for the competent and professional delivery of financial planning services or an accepted equivalent, including [completion of a financial plan development capstone course](#), and attain a Bachelor’s Degree from an accredited college or university. CFP Board’s financial planning subject areas include professional conduct and regulation, general principles of financial planning, education planning, risk management and insurance planning, investment planning, income tax planning, retirement savings and income planning, and estate planning;
- Examination – Pass the comprehensive CFP® Certification Examination. The examination, administered in 6 hours, includes case studies and client scenarios designed to test one’s ability to correctly diagnose financial planning issues and apply one’s knowledge of financial planning to real world circumstances;
- Experience – CFP Board requires 6,000 hours of experience through the Standard Pathway, or 4,000 hours of experience through the Apprenticeship Pathway that meets additional requirements; and
- Ethics – Agree to be bound by CFP Board’s *Code of Ethics and Standards of Conduct*, which put clients’ interest first; acknowledge CFP Board’s right to enforce them through its *Disciplinary Rules and Procedures*; comply with the *Financial Planning Practice Standards* which determine what clients should reasonably expect from the financial planning engagement and complete a CFP® Certification Application which requires disclosure of an individual’s background, including involvement in any criminal, civil, governmental, or self-regulatory agency proceeding or inquiry, bankruptcy, customer complaint, filing, termination/internal reviews conducted by the individual’s employer or firm.

Individuals who become certified must complete the following ongoing education and ethics requirements in order to maintain the right to continue to use the CFP® marks:

- Continuing Education – Complete 30 hours of continuing education hours accepted by the CFP Board every two years, including two hours on the *Code of Ethics* and other parts of the *Standards of Professional Conduct*, to maintain competence and keep up with developments in the financial planning field; and
- Ethics – CFP® professionals agree to adhere to the high standards of ethics and practice outlined in CFP Board’s Code of Ethics and Standards of Conduct and to acknowledge CFP Board’s right to enforce them through its Disciplinary Rules and Procedures. The Code of Ethics and Standards of Conduct require that CFP® professionals provide financial planning services in the best interests of their clients.
- Certification Application – Properly complete a Certification Application to (i) acknowledge voluntary adherence to the [terms and conditions of certification with CFP](#)

[Board](#) and (ii) disclose any involvement in criminal and civil proceedings, inquiries or investigations, bankruptcy filings, internal reviews and customer complaints.

CFP® professionals who fail to comply with the above standards and requirements may be subject to CFP Board's enforcement process, which could result in suspension or permanent revocation of their CFP® certification.

You may [verify an individual's CFP®](#) certification and background through the CFP Board. The verification function will allow you to verify an individual's certification status, CFP Board's disciplinary history and any bankruptcy disclosures in the past ten years. Additional regulatory information may also be found through [FINRA'S BrokerCheck](#) and the [SEC's Investment Adviser Public Disclosure databases](#), which are free tools that may be used to conduct research on the background and experience of CFP® professionals and those who held CFP® certification at one time, including with respect to employment history, regulatory actions, and investment-related licensing information, arbitrations, and complaints.

This Brochure Supplement provides information about Lori J. Bumgart that supplements the Sanford Advisory Brochure; you should have received a copy of that Brochure. Please contact Lori J. Bumgart, Chief Compliance Officer, if you did *not* receive Sanford Advisory's Brochure or if you have any questions about the contents of this supplement.

Additional information about Lori J. Bumgart is available on the SEC's website at www.adviserinfo.sec.gov

Item 2 Education Background and Business Experience

Lori J. Bumgart was born in 1969. Ms. Bumgart graduated from Davenport University in 1989, with an Associate's degree in Business Management. Ms. Bumgart has been an investment adviser representative of Sanford Advisory since 2009. Ms. Bumgart was an investment adviser representative of Raymond James Financial Services from 1995 through 2020.

Ms. Bumgart has been a CERTIFIED FINANCIAL PLANNER™ professional since 2007. Certified Financial Planner Board of Standards, Inc. ("CFP Board") owns the CFP® certification mark, the CERTIFIED FINANCIAL PLANNER™ certification mark, and the CFP® certification mark (with flame design) logo in the United States (these marks are collectively referred to as the "CFP® marks"). The CFP Board authorizes use of the CFP® marks by individuals who successfully complete the CFP Board's initial and ongoing certification requirements.

The CFP® certification is a voluntary certification; no federal or state law or regulation requires financial planners to hold CFP® certification. It is recognized in the United States and a number

of other countries for its (1) high standard of professional education; (2) stringent code of conduct and standards of practice; and (3) ethical requirements that govern professional engagements with clients. Currently, more than 90,000 individuals have obtained CFP® certification.

To attain the right to use the CFP® marks, an individual must currently satisfactorily fulfill the following requirements:

- Education – Complete a college-level course of study addressing the financial planning subject areas that CFP Board’s studies have determined as necessary for the competent and professional delivery of financial planning services or an accepted equivalent, including [completion of a financial plan development capstone course](#), and attain a Bachelor’s Degree from an accredited college or university. CFP Board’s financial planning subject areas include professional conduct and regulation, general principles of financial planning, education planning, risk management and insurance planning, investment planning, income tax planning, retirement savings and income planning, and estate planning;
- Examination – Pass the comprehensive CFP® Certification Examination. The examination, administered in 6 hours, includes case studies and client scenarios designed to test one’s ability to correctly diagnose financial planning issues and apply one’s knowledge of financial planning to real world circumstances;
- Experience – CFP Board requires 6,000 hours of experience through the Standard Pathway, or 4,000 hours of experience through the Apprenticeship Pathway that meets additional requirements; and
- Ethics – Agree to be bound by CFP Board’s *Code of Ethics and Standards of Conduct*, which put clients’ interest first; acknowledge CFP Board’s right to enforce them through its *Disciplinary Rules and Procedures*; comply with the *Financial Planning Practice Standards* which determine what clients should reasonably expect from the financial planning engagement and complete a CFP® Certification Application which requires disclosure of an individual’s background, including involvement in any criminal, civil, governmental, or self-regulatory agency proceeding or inquiry, bankruptcy, customer complaint, filing, termination/internal reviews conducted by the individual’s employer or firm.

Individuals who become certified must complete the following ongoing education and ethics requirements in order to maintain the right to continue to use the CFP® marks:

- Continuing Education – Complete 30 hours of continuing education hours accepted by the CFP Board every two years, including two hours on the *Code of Ethics* and other parts of the *Standards of Professional Conduct*, to maintain competence and keep up with developments in the financial planning field; and
- Ethics – CFP® professionals agree to adhere to the high standards of ethics and practice outlined in CFP Board’s Code of Ethics and Standards of Conduct and to acknowledge CFP Board’s right to enforce them through its Disciplinary Rules and Procedures. The Code of Ethics and Standards of Conduct require that CFP® professionals provide financial planning services in the best interests of their clients.
- Certification Application – Properly complete a Certification Application to (i) acknowledge voluntary adherence to the [terms and conditions of certification with CFP Board](#) and (ii) disclose any involvement in criminal and civil proceedings, inquiries or investigations, bankruptcy filings, internal reviews and customer complaints.

CFP® professionals who fail to comply with the above standards and requirements may be subject to CFP Board's enforcement process, which could result in suspension or permanent revocation of their CFP® certification.

You may [verify an individual's CFP®](#) certification and background through the CFP Board. The verification function will allow you to verify an individual's certification status, CFP Board's disciplinary history and any bankruptcy disclosures in the past ten years. Additional regulatory information may also be found through [FINRA'S BrokerCheck](#) and the [SEC's Investment Adviser Public Disclosure databases](#), which are free tools that may be used to conduct research on the background and experience of CFP® professionals and those who held CFP® certification at one time, including with respect to employment history, regulatory actions, and investment-related licensing information, arbitrations, and complaints.

Item 3 Disciplinary Information

None.

Item 4 Other Business Activities

- A. The supervised person is not actively engaged in any other investment-related businesses or occupations.
- B. **Licensed Insurance Agent**. Ms. Bumgart, in her individual capacity, is a licensed insurance agent, and may recommend the purchase of certain insurance-related products on a commission basis. Clients can engage Ms. Bumgart to purchase insurance products on a commission basis. **Conflict of Interest**: The recommendation by Ms. Bumgart that a client purchase an insurance commission product presents a *conflict of interest*, as the receipt of commissions may provide an incentive to recommend insurance products based on commissions to be received, rather than on a particular client's need. No client is under any obligation to purchase any insurance commission products from Ms. Bumgart. Clients are reminded that they may purchase insurance products recommended by Ms. Bumgart through other, non-affiliated insurance agents. **The Registrant's Chief Compliance Officer, Lori J. Bumgart, remains available to address any questions that a client or prospective client may have regarding the above conflict of interest.**

Item 5 Additional Compensation

None.

Item 6 Supervision

The Registrant provides investment advisory and supervisory services in accordance with the Registrant's policies and procedures manual. The primary purpose of the Registrant's Rule 206(4)-7 policies and procedures is to comply with the supervision requirements of Section 203(e)(6) of the Investment Advisers Act of 1940 (the "Act"). The Registrant's Chief Compliance Officer, Lori J. Bumgart, is primarily responsible for the implementation of the Registrant's policies and procedures and overseeing the activities of the Registrant's supervised persons. Should an employee, independent contractor, investment adviser representative, or solicitor of the Registrant have any questions regarding the applicability/relevance of the Act, the Rules thereunder, any section thereof, or any section of the policies and procedures, he/she should address those questions with the Chief Compliance Officer. Should a client have any questions regarding the Registrant's supervision or compliance practices, please contact Ms. Bumgart at (269) 488-6900.
